Check the [SIA Sport Integrity App](#) or follow the link to [SIA - Check Your Substances website](#).
- B. You can download this app from either of the sites below. You can check medications and supplements, report doping, complete online education and read information on Therapeutic Use Exemptions (TUE) and your rights if you are nominated for an anti-doping test. Prior to taking any prohibited medication, you should contact a qualified sports doctor and have a medical file prepared just in case. If an athlete or doctor has a question regarding the status of a substance they should always check the substance first on the Global DRO website or call this phone number: +61 2 6222 4283.
- D. Athletes and support personnel should view the [anti-doping process video](#) and should also understand their rights and responsibilities regarding the process.
